AUTHENTICITY
EXCELLENCE IN AUTHENTICITY (EA)

To further promote authentic restorations, if an original car scores 290 points or above and has not lost more than 1.5 authenticity points on the initial judging, it may be checked for authentic parts and finishes (exact reproductions will be accepted). The owner or representative must present to the Chief Judge, prior to the start of the Concours, a statement (form provided by CTCI) indicating to the best of their knowledge the car has all the Excellence in Authenticity (E.A.) items with correct finish as listed in the Concours and Touring Division Rules. The car will then be reviewed by the E.A. panel; if the car is correct in all applicable items, it will receive an additional award designated “**Excellence In Authenticity**”.

THE FOLLOWING ITEMS WILL BE CHECKED:

_____ 1 General authenticity – if authenticity deviations are found when checking EA items the check will not be completed until the initial judging team reviews the deviations.
